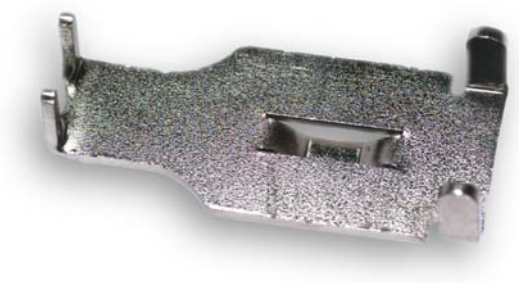
1394a cable clip



Your solution to improve 1394a wiring

AVT's 1394a cable clip locks AVT's 1394a standard cable to your AVT Guppy cameras and 1394a accessories. This clip may be added to existing 1394a cabling to secure the plug connection against accidental extraction.

Highlights

- Improving 1394a wiring
- Compatible with AVT's Guppy camera
- May be added to existing cabling
