Affected Products	allPIXA pro line-scan camera series		
PCN Number	PCN2026-06-29	**PCN Issue date**	29.06.2026
Contact	Inside Sales Team		

Change Classification

Major

Change Type

Additional Manufacturing location (assembly, final test, calibration, packaging and shipment)

Affected Products

All allPIXA pro products (all models, options, housing variants, and customer-specific versions) – please refer to full list of the standard productions in the Annex. Derived customer-specific models are also affected but not explicitly listed.

Change Description

Production of allPIXA pro line-scan camera products will additionally be located at following production site:

Original location:	Additional location:
Allied Vision Konstanz GmbH	Allied Vision Technologies GmbH
Max-Stromeyer-Str. 116	Taschenweg 2a
78467 Konstanz, Germany	07646 Stadtroda, Germany

Scope includes assembly, calibration, final test, labeling, packaging, and shipping.

Reason for Change

- Improve delivery reliability and lead-time performance for customers.
- Optimize logistics, increase manufacturing resilience and business continuity through geographic diversification.
- Align production capacity with demand while maintaining consistent quality and compliance.

Impact / Possible Successor

- **Form, fit, function, and performance:** No changes to product design, materials/BOM, specifications, firmware or test.
- **Ordering:** Part numbers, configurations, and pricing remain unchanged.
- **Labeling and documentation:**
  - **CE/Manufacturer address:** Allied Vision Konstanz GmbH remains the manufacturer/contact address on the product/packaging and in the EU Declaration of Conformity.
  - **Country of Origin:** Remains Germany.
  - **Certificates and declarations:** Existing regulatory and environmental compliance (e.g., CE) remains valid; documentation will be updated only where a manufacturing site address is referenced.
- **Quality and warranty:** Unchanged. Allied Vision Technologies GmbH in Stadtroda will use equivalent equipment, validated processes, and the same work instructions and control plans under Allied Vision Konstanz GmbH's QMS (ISO 9001).
- **Logistics:** There may be mixed-origin shipments (Konstanz and Stadtroda).
- **Traceability:** Serial number format remains unchanged; internal records maintain full site traceability.
- **Customer action:** No action required.

First Ship Date

Starting from August 2026.
