GigE Vision camera with Sony ICX285 EXview HAD CCD sensor

Manta G-145 is an inexpensive GigE Vision camera. Manta G-145 is offered in both monochrome and color models. It incorporates the very sensitive Type 2/3 (11.0 mm diagonal) Sony ICX285 CCD sensor with EXview HAD technology. At full resolution, this camera runs 15.0 frames per second. With a smaller region of interest, higher frame rates are possible.

Manta is one of Allied Vision's versatile GigE Vision cameras with a wide range of features. Particular highlights are the three look-up tables, sophisticated color correction capabilities, a robust metal housing, and many modular options. By default monochrome models ship with B 270 ASG protection glass and color models ship with a Type Hoya C-5000 IR cut filter.
